Visit Us During Blooming Season

# Greetings

**WE TAKE** pleasure in presenting this list for 1948, and we wish to thank our many friends and customers for the liberal patronage with which you have favored us in the past. We also wish you success with prosperity and beauty in your garden in 1948.

## USUAL DISCOUNTS TO THE TRADE

**INSPECTION:** Our dahlias were inspected for Mosaic and Ring Spot in 1947. These are two serious diseases to guard against. All of our other nursery stock has also been inspected by the state.

**TERMS:** Cash with order or balance before shipment. Shipments will be sent express unless sufficient postage accompanies order.

**GUARANTEE:** We guarantee our stock to be healthy and true to name, to the extent of replacement with true stock. We are never satisfied until our customer is.

**GREEN PLANTS:** We specialize in green plants and recommend them over roots. Our plants are well hardened off before shipment. They are grown in 3x3x3 bands under moderate heat, and can be shipped any time after May 1. Please choose several extras to be used as substitutes or extras.

**ROOTED CUTTINGS:** These are well rooted and easily shipped. We do not guarantee them but add extras in case of loss. These will be available only the first week of April and May. Rooted Cuttings When Available Are One Third Less Than Plant Price

## OUR OWN 1948 INTRODUCTIONS

Preview of Progress

**Preview of Progress:** S. C. Amaranth, pink. Size 7 in. x 10 in.; if disbudded, 12-in. stems; a robust grower. Read midwest trial garden report on Page 10 of February, 1947 A.D.S. having scored 85 in East Lansing and also scored a certificate in Ohio the previous year. These were the only trial gardens where it was entered and wasn't sent to honor roll men this year because of intention to hold it over another year.  
**Roots \$15 net      Plants \$7.50**

**Silver Lining:** Single, 3 in., maroon with a silver edge on outer edge of each petal which makes plenty of contrast with the yellow center. **Roots \$5**

## MINIATURES

We have cut our activity in miniatures to growing them for cut flowers and list them only in colors at 6 mixed, labeled, for \$1 or 10 mixed, unlabeled, for \$1

Don't fail to grow our White Fawn. It is the best white and we think it is the best miniature in existence. We grow ten of this to one of any of the others.

## GENERAL LIST

**Roots 75c** except those starred (\*) in front, which are **\$2**    **Plants 50c or 20 Plants \$8**    **Rooted Cuttings 3 of a kind \$1**  
 Root Stock Is Limited    Have Roots Only in Varieties Marked (R)  
 (Please choose several second choice that we can use as extras if we don't need them for substitution)

### VARIETIES

City of San Gabriel R, Dixie Wine Dot, Pearl Harbor.

Every year we discontinue ten or fifteen varieties to make room for newer ones. These are placed in a mixed collection. Also many seedlings are added to this collection, which are just as good as named varieties, but as you know they must show improvement over older ones. These are..... **6 for \$1**

## NOTICE

As you can see by the cover we have changed our name from Dixie Dahlia Gardens to Dixie Nurseries. We have added many items, but due to labor shortage we catalog only a few of them, just sell locally. We have many perennials such as Red Hot Poker, Peonies, Iris, Day

Lilies, Poppies, Shasta Daisies, etc. Delphinium and Chrysanthemums are the only items listed.

We have about 50 varieties of Evergreens in various sizes; also many shrubs including the cultivated Blueberry, to which we have devoted about 20 acres. Inquire if interested in any of the above.

## DELPHINIUMS

After growing these Pacific Hybrids you will do as we have done . . . continue growing more and more of them. They bloom twice each year. Our patch is in bloom from June until November. The first ones bloom the middle of June and continue through July. Many of the early ones bloom the second time in August, about the time the late ones are through blooming the first time.

## NEW HARDY CHRYSANTHEMUMS FOR 1948

**Dixie White Cloud:** A pure white hardy cushion mum with a three-inch bloom which grows one foot high and two feet wide. This is the only large flowering white cushion on the market. It has substance and fills a vacant space.

Stock limited..... **Plants \$1 net**

**Red Cloud:** A deep maroon cushion with a velvety sheen. Has 2-in. double blooms which cover all the green on the bush. 15,000 annual visitors prove that this variety will out-sell any red cushion on the market. It does not fade. Makes lots of runners and winters well.

**Plants \$1 or 4 for \$3**

**Rooted Cuttings 10 for \$6**

**Ever Ready:** A two-inch bloom of lemon yellow, incurved, the same shape as the large greenhouse varieties. Grows only a small bush. Not an abundant but a consistent bloomer from early July to late November. Will provide a buttoner for nearly half a year..... **Plants 75c**

We are listing the seven new varieties from U. of Nebr. Experimental Station. These have proven hardy under adverse weather conditions, where others have failed. They are E. H. Hoppert: tall yellow, July; Cody Orchid: cushion, June; W. P. Snyder: tall apricot, September; Niobrara: white cushion, August, button; Omaha: Orange cushion, September; Lt. Beckner: tall bronze, August; Waku: tall white, August.

## NEW HARDY ENGLISH CHRYSANTHEMUMS

We are more than pleased to offer the following list of new hardy English Chrysanthemums which were imported from England where they were originated. They are considered very hardy in all sections of the United States. Plants are a luxurious dark green, bearing large sprays of flowers. If you will disbud to five or six buds you will be more than pleased with the lovely flowers and although they are tall they do not require as much staking as the other tall varieties because they have a heavier stem. Most varieties bloom the first week in October and have flowers 4" to 6" across, and are equal in beauty to most greenhouse varieties. We are listing them in color groups, not describing any unless they are different or unusual or a shade different than the color class.

Plants 50c 10 for \$4 Our Mixed Collection 10 for \$3

#### RED

Conqueror, Crimson Splendor, Crimson Buttercup—incurved, Daily Express—orange red, Indiana, Red Invader—chestnut, Scarlet Coat, Vulcan, Westborne—dark red.
